

FUJIYAMA POWER SYSTEMS LIMITED

ENVIRONMENTAL MANAGEMENT SYSTEM (EMS) POLICY

ISO 14001:2015

Document Control

Company Name	FUJIYAMA POWER SYSTEMS LIMITED
Address	53A/6, Near NDPL Grid Office, Near Metro Station, Industrial Area Sat Guru Ram Singh Marg, Delhi 110015, India
Document Title	Environmental Management System Policy
Document No.	EMS-POL-001
Revision No.	00
Effective Date	24.08.2026
Approved By	Management of company

1. SCOPE

Manufacture of Solar Power Generating Systems (Solar Panels, Solar Inverters and Lithium-Ion Batteries), UPS, Charge Controllers, EV & E-Rickshaw Chargers and Power Electronics Equipment.

2. ENVIRONMENTAL POLICY STATEMENT

FUJIYAMA POWER SYSTEMS LIMITED is committed to conducting its business activities in an environmentally responsible manner through the implementation, maintenance and continual improvement of an Environmental Management System (EMS) in accordance with ISO 14001:2015. The organization recognizes its responsibility towards environmental protection and sustainable development while manufacturing solar power systems, batteries, UPS systems, chargers and power electronic equipment.

3. ENVIRONMENTAL COMMITMENTS

- Protection of the environment including prevention of pollution.
- Fulfilment of applicable legal, statutory, regulatory and other compliance obligations.
- Continual improvement of environmental performance and EMS effectiveness.
- Efficient utilization of energy, water and natural resources.
- Reduction of waste generation and promotion of reuse and recycling.
- Safe handling, storage and disposal of chemicals, batteries and hazardous materials.
- Control of environmental impacts arising from manufacturing and support activities.
- Reduction of environmental risks through operational controls and monitoring.
- Emergency preparedness and response for environmental incidents.
- Promotion of environmentally responsible procurement and supplier practices.

4. SIGNIFICANT ENVIRONMENTAL ASPECTS

- Energy consumption
- Water consumption
- Battery waste generation
- Electronic waste (E-Waste)
- Chemical storage and handling
- Packaging waste
- Air emissions and workplace environment
- Resource utilization
- Waste disposal and recycling

5. ENVIRONMENTAL OBJECTIVES FRAMEWORK

Environmental objectives and targets shall be established, monitored, measured and reviewed periodically to ensure continual improvement.

Objective	Target
Reduce energy consumption	5% annual improvement
Reduce waste generation	5% annual improvement
Increase recycling	10% annual improvement
Environmental compliance	100% compliance
Employee awareness	100% EMS training coverage

6. ROLES AND RESPONSIBILITIES

Role	Responsibility
Top Management	Provide leadership, resources and review EMS performance.
EMS Management Representative	Coordinate EMS implementation and compliance monitoring.
Department Heads	Implement environmental controls within their departments.
Employees	Comply with EMS requirements and report environmental incidents.
Suppliers / Contractors	Comply with applicable environmental requirements.

7. APPROVAL

This policy is approved by the management of Fujiyama Power Systems Limited and comes into effect from 24 August 2026
